

CURRICULUM VITAE

NAME: Michele Tagliati, M.D.

MAILING ADDRESS: Department of Neurology
Cedars Sinai Medical Center
127 S San Vicente Blvd, AHSP A6318
Los Angeles, CA 90048
Tel: (310) 248-6938
E-mail: michele.tagliati@cshs.org

LICENSURE: 1987: Italy-European Community #38333
1998: New York State #212768
2010: California #C54321

CERTIFICATION: 1990: Neurology, Italy
1993: ECFMG #501-312-3
2000: American Board of Psychiatry and Neurology
2011: American Board of Psychiatry and Neurology (Recert)

EDUCATION:

Department of Neurology, The Mount Sinai Medical Center, New York, NY
Resident in Neurology, 1996-1999
Department of Medicine, The Mount Sinai Medical Center, New York, NY
Intern, 1995-1996
Department of Neurology, University of Rome "Tor Vergata", Italy
Resident in Neurology, 1987-1990
University of Rome "La Sapienza", Italy
M.D., 1986
Liceo Classico G.De Santis, Rome, Italy
Diploma di Maturita', 1979

FELLOWSHIPS:

Movement Disorders (Director: Susan Bressman, M.D.)
Beth Israel Hospital, New York, NY 1999-2000
Neuro-AIDS (Director: David Simpson, M.D.)
The Mount Sinai Medical Center, New York, NY 1993-1995
Clinical Neurophysiology (Director: Giorgio Bernardi, M.D.)
University of Rome "Tor Vergata", Italy 1990-1991

HONORS and AWARDS:

Graduate:
Medical School Graduation "Summa cum Laude"

Postgraduate:

Regione Lazio Scholarship for Research in Neurogeriatrics, 1988
 European Training Program in Brain and Behavior Research Scholarship, 1989
 CNR-NATO Advanced Fellowship for Research abroad, 1990
 CNR Scholarship for Research on Aging Brain, 1992
 Aaron Diamond Foundation Postdoctoral Research Fellowship, 1993
 American Academy of Clinical Neurophysiology Fellowship, 1994
 American Academy of Clinical Neurophysiology Fellowship, 1995
 American Academy of Neurology Resident Award, 1998
 Singer/Hellman Research Award, 2000
 DMRF Presidential Award, 2005
 DMRF Dystonia Circle of Friends Award, 2008
 Super Doctors, New York City, 2008-2010
 The Global Directory of Who's Who (Top Doctors), 2010
 Fellow, American Academy of Neurology, 2010
 Super Doctors, Los Angeles, 2013-2014
 APDA Exceptional Achievement in the Parkinson's community, 2013
 Super Doctors, Los Angeles, 2014-2015
 Steve D. Broidy Endowed Chair in Movement Disorders, 2015

ACADEMIC APPOINTMENTS:

Professor of Neurology,
 Cedars-Sinai Professorial Series, Los Angeles, CA 2011-present
 Associate Professor of Neurology
 Mount Sinai School of Medicine, New York, NY 2004-2010
 Assistant Professor of Neurology
 Albert Einstein College of Medicine, Bronx, NY 2000-2004
 Neurology Residency Coordinator,
 Beth Israel Medical Center, New York, NY, 2000-2002
 Neurology Chief Resident
 Mount Sinai School of Medicine, New York, NY, 1998-1999
 Research Associate,
 Mount Sinai School of Medicine, New York, NY, 1994-1995
 Research Assistant, Department of Neurology.
 Mount Sinai School of Medicine, New York, NY, 1993-1994
 Instructor in Neurology,
 University of Rome "Tor Vergata", Italy 1992-1993
 Visiting Assistant Professor, VEP laboratory,
 Mount Sinai School of Medicine, New York, NY, 1991-1992

HOSPITAL APPOINTMENTS:

Vice Chairman, Department of Neurology
 Cedars-Sinai Medical Center, Los Angeles, CA, 2010-present

Director, Movement Disorders
 Cedars-Sinai Medical Center, Los Angeles, CA, 2010-present
 Division Chief, Movement Disorders
 The Mount Sinai Medical Center, New York, NY, 2004-2010
 Attending Neurologist,
 Beth Israel Medical Center, New York, NY, 2000-2004
 Staff Fellow, Dept. of Neurology,
 Beth Israel Medical Center, New York, NY, 1999-2000
 House Staff, Department of Neurology,
 The Mount Sinai Medical Center, New York, NY, 1996-1999
 House Staff, Department of Medicine,
 The Mount Sinai Medical Center, New York, NY, 1995-1996
 Staff Fellow, Departments of Neurology and Pathology,
 The Mount Sinai Medical Center, New York, NY, 1994-1995
 Co-director, Evoked Potentials Laboratory,
 The Mount Sinai Medical Center, New York, NY, 1993-1999
 Clinical Assistant, Department of Neurology,
 University of Rome "Tor Vergata", Italy 1992-1993
 Medical Officer,
 Military Hospital of Rome, Italy 1987-1988

COMMITTEES:

- LOCAL

- Quality Assurance Committee, Department of Neurology
 The Mount Sinai Medical Center, New York, NY, 1998-1999
- Neurology Executive Committee
 Cedars-Sinai Medical Center, Los Angeles, CA 2010-present
- Neurology Performance Improvement Committee
 Cedars-Sinai Medical Center, Los Angeles, CA 2010-present
- Neurology Residency Training Committee
 Cedars-Sinai Medical Center, Los Angeles, CA 2010-present
- Neurology RSS (Grand Rounds)
 Cedars-Sinai Medical Center, Los Angeles, CA 2010-present
- Clinical Academic Promotions and Appointments Council
 Cedars-Sinai Medical Center, Los Angeles, CA 2014-present

- NATIONAL and INTERNATIONAL

- Education Committee
 DBS Society, 2002
- CME Committee
 Movement Disorder Society, 2003-2009
- Scientific Advisory Board,
 Bachmann-Strauss Dystonia & Parkinson Research Foundation, 2006-2009
- Center Grant Advisory Board,
 National Parkinson Foundation, 2007

- Scientific Advisor,
Parkinson Alliance, 2007-2013
- DBS Working Group,
National Parkinson Foundation, 2007-2010
- DSMB - Use of Two DBS Electrodes to Treat Post-Traumatic Tremor
Grant #1 K NS052557-01 – Kelly Foote, PI, 2007-present
- Ad-Hoc Reviewer
NINDS DBS Grant review panel 2008
- Task Force for DBS in Dystonia
Movement Disorder Society, 2008-2009
- Guideline Project on Deep Brain Stimulation and Dystonia
American Academy of Neurology, 2008-present
- Annual Meeting Planning Committee
Parkinson Study Group, 2008-present
- First International DBS Consensus Meeting Organizing Committee
Parkinson Alliance, 2009
- Peer Reviewer
Qatar National Research Fund (QNRF), 2009-present
- Anchor-CD Steering Committee
Ipsen Group, 2011
- Pan American Section Education Committee
Movement Disorder Society, 2011-2013
- Scientific Advisory Board
Tyler's Hope Foundation, 2011-present
- Peer Reviewer
Parkinson's UK, 2012-present
- International Peer Reviewer
Italian National Agency for the Evaluation of Universities and Research, 2012-2013
- DSMB - ADvance: A study of deep brain stimulation of the fornix (DBS-f) in Alzheimer's
disease – Andres Lozano, PI, 2012-present
- Medical and Scientific Advisory Council

RESEARCH ACTIVITY**A. GRANTS****Completed**

1. EBV and CNS lymphoma: pathogenetic and clinical considerations.
 Principal Investigator: M.Tagliati.
 Sponsor: Aaron Diamond Foundation.
 Direct costs: \$ 63,000. Approval dates: 7/1/94-6/30/95. Effort: 90%.
2. The role of sensory processing mechanisms in the pathogenesis of Primary Torsion
 Dystonia.
 Principal Investigator: M.Tagliati.
 Sponsor: Dystonia Medical Research Foundation.
 Direct Costs: \$ 35,000. Approval dates: 4/1/00-3/31/01. Effort 20%.
3. The role of sensory processing and cortical inhibition in the pathogenesis of DYT1
 Dystonia.
 Principal Investigator: M.Tagliati.
 Sponsor: Singer/Hellman Fund.
 Direct Costs: \$ 35,000. Approval dates: 7/1/00-6/31/01. Effort 20%.
4. Low Frequency Deep Brain Stimulation for Treatment of Dystonia.
 Principal Investigator: M.Tagliati.
 Sponsor: Bachmann-Strauss Foundation.
 Direct Costs: \$ 50,000. Approval dates: 1/1/06-12/31/06. Effort 5%.

5. Pre-surgical Screening and Prospective Assessment of Balance and Gait in PD Patients Undergoing STN DBS.
Principal Investigator: M.Tagliati.
Sponsor: Parkinson's Alliance.
Direct Costs: \$ 28,000. Approval dates: 2/1/06-1/31/07. Effort 5%.
6. Low Frequency Deep Brain Stimulation for Gait Dysfunction in Parkinson's Disease.
Principal Investigator: M.Tagliati.
Sponsor: The Parkinson Alliance.
Direct Costs: \$ 20,000. Approval dates: 9/24/08-9/23/08. Effort 5%.
7. The MOST Study: Mood and STN DBS. (PI: Michael Okun, MD).
MSSM PI: M.Tagliati.
Sponsor: National Parkinson Foundation.
Direct Costs: \$ 162,642. Approval dates: 1/1/06-12/31/09. Effort 5%.
8. Deep Brain Stimulation Therapy for Movement Disorders: A Study of Long-Term Outcomes And Complications.
Principal Investigator: M.Tagliati.
Sponsor: Bachmann-Strauss Foundation.
Direct Costs: \$100,000. Approval dates: 4/24/07-4/23/09. Effort 5%.
9. The Effects of STN-DBS Frequency Changes on Speech In Advanced Parkinson's Disease.
Principal Investigator: M.Tagliati.
Sponsor: Bachmann-Strauss Foundation.
Direct Costs: \$ 50,000. Approval dates: 1/1/09-12/31/09. Effort 5%.
10. Cortical-subcortical interaction in PD and normal speech (PI: John J. Sidtis, PhD)
MSSM PI: M.Tagliati.
Sponsor NIH.
Direct Costs: \$237,510. Approval dates: 4/01/06-3/31/011. Effort 5%.
11. Parkinson Center of Excellence Award
Principal Investigator: M.Tagliati
Sponsor: National Parkinson Foundation
Direct Costs: \$110,000. Approval dates: 7/1/2009-6/30/2011
12. PD Quality Improvement Initiative (QII-2).
Principal Investigator: M.Tagliati.
Sponsor: National Parkinson Foundation
Approval dates: TBD. Effort 5%.
13. Analysis of Impedance Variations in a Large Population of Patients with Parkinson's Disease Treated with DBS.
Sponsor: The Parkinson Alliance.
Direct Costs: \$ 15,000. Approval dates: 10/15/11-10/14/12. Effort 5%.

14. Exploring DBS Mechanisms of Action for PD and Dystonia Utilizing Advanced Neuroimaging Techniques

Sponsor: Clinical and Translational Science Institute (CTSI)

Direct Costs: \$ 9,600. Approval dates: 4/1/13-12/31/13.

Ongoing

1. Long-Term Follow-up of Patients with Dystonia Treated with DBS

Sponsor: Department of Neurology, CSMC

Approval dates: 5/1/14-4/30/15 (IRB Protocol # ***)

2. Deep Brain Stimulation Influence on Autonomic Ocular Functions and Oculomotor Abnormalities in Patients with Advanced Parkinson's Disease – A pilot trial.”

Sponsor: Department of Neurology, CSMC

Approval dates: 9/1/14-8/31/15 (IRB Protocol # 00036808)

Pending

1. A Phase II, randomized, double-blinded, placebo-controlled study to evaluate the efficacy of liraglutide in the treatment of people with Parkinson's disease and insulin resistance

Sponsor: The Parkinson UK Trust

Direct Costs: \$ 500,000. Approval dates: pending. Effort 25%.

2. What is the PKG Fluctuation Score (FS) that distinguishes non-fluctuators and fluctuators in Parkinson Disease?

Sponsor: Global Kinetics

Direct Costs: \$ 61,000. Approval dates: pending. Effort: 5%.

3. Effect of β -Blocker Therapy on Cardiac and Cerebral Scintigraphy in Patients with Parkinson's Disease

Sponsor: GE Healthcare

Direct Costs: TBD

B. CLINICAL TRIALS

Completed

1. A Multicenter, Open-Label Trial To Assess Subject Preference Of Parcopa, Carbidopa/Levodopa Orally Disintegrating Tablets, Compared To Conventional Carbidopa/Levodopa Tablets In Subjects With Stable Parkinson's Disease.

Principal Investigator: M.Tagliati.

Sponsor: Schwarz Pharma.

Approval dates: 4/1/04-3/30/05. Effort 10%.

2. Feasibility Study on the Use of a Parkinson's Disease Symptoms Diary For The Planned Phase III Studies With Sarizotan (EMR 62-225)
Principal Investigator: M.Tagliati.
Sponsor: Merck KGaA.
Approval dates: 4/27/04-4/26/05. Effort 10%.
3. A double-blind, placebo controlled, multicenter, multinational Phase III study to evaluate the safety and efficacy of Sarizotan HCl 1 mg b.i.d. in patients with Parkinson's disease suffering from treatment associated dyskinesias (PADDY-2).
Principal Investigator: M.Tagliati.
Sponsor: Merck KGaA.
Approval dates: 1/27/05-12/31/05. Effort 10%.
4. An international, multi-center, randomized, double-blind, parallel group, active controlled study to evaluate onset of dyskinesias in patients taking levodopa/carbidopa and entacapone, compared to those taking traditional levodopa/carbidopa [STRIDE-PD].
Principal Investigator: W.Tse.
Approval dates: 12/15/2004-5/31/2006. Effort: 5%
5. Evaluation of Libra Implantable Brain Stimulation System.
Principal Investigator: M.Tagliati.
Sponsor: Advanced Neuromodulating Systems.
Approval dates: 9/7/05-9/6/09. Effort 5%.
6. Study of the safety, tolerability and efficacy of Spheramine® implanted bilaterally into the postcommissural putamen of patients with advanced Parkinson's disease.
Principal Investigator: M.Tagliati.
Sponsor: Berlex/Schering.
Approval dates: 10/12/05-10/11/08. Effort 5%.
Direct costs: \$37,281.
7. Randomized Start Study to Assess Rasagiline as Therapy in PD.
Principal Investigator: M.Tagliati.
Sponsor TEVA Pharmaceuticals.
Approval dates: 10/20/05-10/19/08. Effort 5%.
Direct costs: \$35,295.
8. Medtronic 1629 usability study.
Principal Investigator: M.Tagliati.
Sponsor Medtronic.
Approval dates: 4/1/07-3/31/08. Effort 5%.
Direct costs: \$51,504.
9. Study of CERE-120 (AAV2-Neurturin) to Assess the Safety of Bilateral Intraputaminial Delivery.
Principal Investigator: M.Tagliati.
Sponsor Ceregene.
Approval dates: 5/20/07-11/9/08. Effort 5%.
Direct costs: \$295,035.

10. Evaluation of Bilateral Stimulation of STN using Libra.
Principal Investigator: M.Tagliati.
Sponsor: Advanced Neuromodulating Systems.
Approval dates: 9/7/05-9/6/10. Effort 5%.
Direct costs: \$124,917.
11. CD PROBE - Cervical Dystonia - Patient Registry for Observation of BOTOX Efficacy.
Principal Investigator: M.Tagliati.
Sponsor Allergan, Inc.
Approval dates: 6/1/09-5/31/10. Effort 5%.
12. Extended Observation Study to Assess the Safety and Efficacy of Idiopathic Parkinson's Disease Patients Treated with CERE-120 (AAV2-Neurturin).
Principal Investigator: M.Tagliati.
Sponsor Ceregene.
Approval dates: 8/20/08-7/19/11. Effort 5%.
Direct costs: \$39,600.
13. Open-label, 12 months Safety and Efficacy study of Levodopa-Carbidopa Intestinal Gel in Levodopa-Responsive Subjects With Advanced Parkinson's Disease And Severe Motor-Fluctuations.
Principal Investigator: M.Tagliati.
Sponsor Solvay.
Approval dates: 10/1/09-9/30/10. Effort 5%.
14. A Phase 1/2 Trial Assessing the Safety and Efficacy of Bilateral Intraputaminal and Intranigral Administration of CERE-120 (Adeno-Associated Virus Serotype 2 [AAV2]-Neurturin [NTN]) in Subjects With Idiopathic Parkinson's Disease.
Principal Investigator: M.Tagliati.
Sponsor Ceregene.
Approval dates: 11/1/09-10/30/10. Effort 5%.
15. A Phase II, Multi-Centre, Randomised, Double-Blind, Placebo-Controlled, Parallel Group Study to Investigate the Efficacy, Safety, and Tolerability of Cogane (PYM50028), in Subjects with Early-Stage Parkinson's Disease.
Principal Investigator: M.Tagliati.
Sponsor Phytopharm.
Approval dates: 11/15/11-10/31/12. Effort 5%
16. SYN115 as Adjunctive Therapy in Levodopa-Treated Parkinson's Subjects
Principal Investigator: M.Tagliati.
Sponsor Biotie-Synosia.
Approval dates: 12/20/11-11/30/12. Effort 5%

Ongoing

1. INTREPID Study: Implantable Neurostimulator for the Treatment of Parkinson's disease.
Principal Investigator: M.Tagliati.

Sponsor Boston Scientific.

Approval dates: 4/15/13 – 3/31/14. Effort 5%

2. KW6002-014 - A Phase 3, 12-week, Double-Blind, Placebo-Controlled, Randomized, Multicenter Study to Evaluate the Efficacy of Oral Istradefylline 20 and 40 mg/day as Treatment for Subjects with Moderate to Severe Parkinson's Disease.
Principal Investigator: M.Tagliati.
Sponsor: KKP Kyowa Kirin Pharma.
Approval dates: 1/15/14 – 1/15/15. Effort 5%
3. GE-001-011. A Retrospective Study to Compare the Rates of Agreement Between Clinical Diagnosis and Visual Assessment of DaTscan Images in non-Caucasian and Caucasian Subjects with Parkinson's Disease or Essential Tremor.
Principal Investigator: A.Waxman
Sponsor: General Electric
Approval dates: pending. Effort 1.5%

INVITED LECTURES

- NATIONAL and INTERNATIONAL

1. 19th International Congress of Parkinson's Disease and Movement Disorders – Treatment Options in Newly Diagnosed PD. San Diego, CA. June, 2015.
2. 19th International Congress of Parkinson's Disease and Movement Disorders – DBS for Non-Parkinson Movement Disorders: Tremor. San Diego, CA. June, 2015.
3. North Shore University Hospital - Neurology Grand Rounds. The DBS Revolution: Success or Failure? Manhasset, NY. April, 2015.
4. University of Florida Deep Brain Stimulation Think Tank III – The Boston Scientific Lead, Advantages and Clinical Experience. Orlando, FL. March, 2015.
5. 12th Annual World Congress of the Society for Brain Mapping and Therapeutics – DBS for other Movement Disorders. Los Angeles, CA. March, 2015.
6. Instituto Nacional de Neurologia y Neurocirugia – Simposio de Fin de año Academico: Entre Las Neurociencias. “DBS for Parkinson's disease: The State of The Art”. Mexico City, Mexico. February, 2015.
7. NINDS - Movement Disorders Seminar. “DBS for Movement Disorders: An Update”. Washington, DC. January, 2015.
8. 18th Annual Meeting of the North American Neuromodulation Society – DBS Programming. Las Vegas, NV. December, 2014.
9. Saudi German Hospital Group – Neuroscience Seminar: Medical and Surgical Management of Movement Disorders. “Advanced medical Management of Parkinson's disease”. Medinah, Saudi Arabia. June, 2014.
10. Saudi German Hospital Group – Movement Disorders Day. “Non-Motor and Pre-Motor Symptoms: Redefining Parkinson's disease”. Jeddah, Saudi Arabia. June, 2014.
11. CIREN - 4^{ta} Conferencia Cientifica Internacional ‘Restauracion Neurologica’. “DBS for Dystonia and other Movement Disorders”. Havana, Cuba. March, 2014.
12. Cleveland Clinic and Parkinson Study Group – Shaping the Management of Parkinson's Disease: Comprehensive Review of Discoveries and Clinical Trials. “The Role of Deep Brain Stimulation and Gene Therapy”. Las Vegas, NV. February, 2014.
13. Universita' di Napoli “Federico II” – Translational Science Seminary. Adrenergic Signaling and Sympatho-Vagal Balance in Parkinson's disease. Napoli, Italy. January, 2014.
14. 17th Annual Meeting of the North American Neuromodulation Society – DBS for

- Dystonia. Las Vegas, NV. December, 2013.
15. Boston Scientific R&D Tech Expo – Deep Brain Stimulation. Freemont, CA. November, 2013.
 16. 17th International Congress of Parkinson’s Disease and Movement Disorders – DBS for Dystonia, Tremor and Other Hyperkinetic Disorders. Sydney, Australia. June, 2013.
 17. Banner Good Samaritan Medical Center - Deep Brain Stimulation: Neuromodulation in Movement Disorders. Evidence-Based Review of DBS Literature. Phoenix, AZ. May, 2013.
 18. Cleveland Clinic and Parkinson Study Group – Shaping the Management of Parkinson’s Disease: Comprehensive Review of Discoveries and Clinical Trials. The Latest Evidence on the Growing Role of DBS in Parkinson’s Disease. Las Vegas, NV. April, 2013.
 19. Università degli Studi di Udine – Le Neuromodulazioni Terapeutiche in Neuroscienze. Update on DBS for Dystonia: Where are we? Udine, Italy. March, 2013.
 20. The DBS Forum – Dystonia and Essential Tremor. Boston, MA. November, 2012.
 21. XXXIX L.I.M.P.E. Congress – “Meet the Expert” Seminar. Constant Current Stimulation: Implications for Therapy. Pisa, Italy. November, 2012.
 22. University of Rome “Terzo Polo” – Neurology Grand Rounds. Deep Brain Stimulation for Movement Disorders: An Update. Roma, Italy. November 2012.
 23. The Second Global Parkinson’s Disease Expert Board – Management of Advanced Parkinson’s disease. Barcelona, Spain. October, 2012
 24. New York University – Neurology Grand Rounds. DBS for Parkinson’s disease: Short- and Long-term effects on Motor, Axial and Non-Motor Symptoms. New York, NY. May, 2012.
 25. Fondazione I.R.C.C.S. Santa Lucia - Neurology Seminar. Deep Brain Stimulation for Movement Disorders: Past, Present and Future. Roma, Italy. December 2011.
 26. Il University of Rome, “Tor Vergata” – Neurology Seminar. DBS for Dystonia: Symptomatic Treatment or Disease Modification? Roma, Italy. December 2011.
 27. University of Rome, “La Sapienza” – Neurology Grand Rounds. DBS for Movement Disorders: What We know, What We Need to Know. Roma, Italy. December 2011.
 28. National Institute of Mental Health – Dynamical Neuroscience XIX. DBS for Dystonia: Symptomatic Treatment or Disease Modification? Washington, DC. November, 2011.

84. Beth Israel Medical Center – Pediatrics Grand Rounds. Pallidal stimulation in the treatment of generalized dystonia. New York, NY. November, 2001.
85. Elmhurst Hospital – Neurology Grand Rounds. Subthalamic DBS in the treatment of Parkinson's disease. Elmhurst, NY. October, 2001.

86. National Parkinson Foundation. Deep brain stimulation surgery: rationale and patient selection. New York, NY. June, 2001.
87. Beth Israel Medical Center – Neurology Grand Rounds. Subthalamic stimulation in the treatment of Parkinson’s disease: The Beth Israel experience. New York, NY. June, 2001.
88. National Parkinson Foundation. Guidelines for patient selection for ablative and deep brain stimulation surgery. New York, NY. February 2001.
89. American Parkinson Disease Association. Neuroprotective strategies in Parkinson’s disease: Trophic factors and cell transplants. Old Westbury, NY. October, 2000.
90. The Mount Sinai Medical Center - Neurology Grand Rounds. Clinical Pathological Case Series: Progressive dementia and gait disorder in a 78 year old woman. New York, NY. October, 1998.
91. Terence Cardinal Cook Hospital Center. Central nervous system involvement in AIDS. New York, NY. May, 1996.
92. St. Mary Medical Center. Central nervous system involvement in HIV infection. New York, NY. November, 1995.
93. The Mount Sinai Medical Center - Neurology Grand Rounds. Novel neurological complications of AIDS. New York, NY. September, 1995.
94. Bronx VA Hospital - Neurology Grand Rounds. Neurological complications of AIDS. Bronx, NY. June, 1995.
95. Association of Haitian Doctors Abroad. Neurological complications of AIDS. Queens, NY. June, 1995.
96. The Mount Sinai Medical Center - Neurology Grand Rounds. Brainstem syndrome associated with CMV encephalitis in AIDS. New York, NY. March, 1995.
97. The Mount Sinai Medical Center - AIDS Center Conference Series. Neurological complications of AIDS. New York, NY. December, 1994.
98. The Mount Sinai Medical Center - Neurology Grand Rounds. Peripheral neuropathies associated with AIDS. New York, NY. March, 1994.
99. The Mount Sinai Medical Center - Neurology Grand Rounds. HTLV-I associated myelopathy. New York, NY. January, 1994.

TEACHING ACTIVITIES

- Neurology Preceptor
Albert Einstein College of Medicine, 2001-2004
- Advanced management of Parkinson's disease
Internal Medicine Residency Lecture Series
Beth Israel Medical Center, 2004
- Neurology Preceptor
Mount Sinai School of Medicine, 2005-2010
- Brain and Behavior
Mount Sinai School of Medicine, 2005-06
- Summer Series Lectures
Department of Neurology Residency Course
Mount Sinai School of Medicine, 2005-2010
- Lunch Seminars on Movement Disorders
Department of Neurology Residency Course
Mount Sinai School of Medicine, 2005-2010
- Bench to Bedside, Neurology Director
Mount Sinai School of Medicine, 2009
- Neurology Teaching Rounds
Cedars Sinai Medical Center, 2010-current
- Neurology Residency Core Curriculum Lecture Series
UCLA School of Medicine, 2012-current
- Neurosurgery Didactic Day
Cedars Sinai Medical Center, 2013-current

CME COURSES

1. Course Director. Evolving Role of Personalized Strategies and Patient-Centered Approaches in the Management of Parkinson's disease: From Clinical Data to Individualized Care. 19th International Congress of Parkinson's Disease and Movement Disorders. San Diego, CA. June 18, 2015.
2. Course Director. Deep Brain Therapeutics. 12th Annual World Congress of the Society for Brain Mapping and Therapeutics. Los Angeles, CA. March 7, 2015.
3. Course Director. Deep Brain Stimulation Management. AAN Educational Program. Philadelphia, PA. April 29, 2014.

4. Invited Faculty. Deep Brain Stimulation: Neuromodulation in Movement Disorders. Course Director: Padma Mahant. Phoenix, AZ. May, 2013.
5. Invited Faculty. Shaping the Management of Parkinson's Disease: Comprehensive Review of Discoveries and Clinical Trials. Course Directors: Hubert Fernandez and Michael Schwarzchild. Las Vegas, NV. April, 2013.
6. Course Director. Deep Brain Stimulation Management. AAN Educational Program. San Diego, CA. March 22, 2013.
7. Course Director. Comprehensive Clinical Management (CCM) Progressive Learning Workshop. Los Angeles, CA. November 10, 2012.
8. Invited Faculty. The Second Global Parkinson's Disease Expert Board. Course Director: C. Warren Olanow. Barcelona, Spain. October 12-13, 2012
9. Invited Faculty. Rehabilitation Topics in the Management of Brain Injury. Course Director: Richard Riggs. Los Angeles, CA. September 15, 2012.
10. Invited Faculty. Comprehensive Clinical Management (CCM) Workshop. Course Director: Elie Elovic. Portland, OR. August 11, 2012.
11. Invited Faculty. Advanced in Neurology and Neurosurgery 2012. Course Director: Keith Black. Bakersfield, CA. July 14, 2012.
12. Course Director. Deep Brain Stimulation: A Multidisciplinary Approach. Los Angeles, CA. May 19, 2012.
13. Course Director. Deep Brain Stimulation Management. AAN Educational Program. New Orleans, LA. April 20, 2012.
14. Invited Faculty. Kaiser Permanente 37th Annual Neurology Symposium. Course Director: Paul Kazimiroff. Newport Beach, CA. November 4, 2011.
15. Invited Faculty. Deep Brain Stimulation: A Practical Course for Healthcare Providers. Course Director: Matthew Brodsky. Portland, OR. October 28, 2011.
16. Course Director. Comprehensive Clinical Management (CCM) Workshop. Honolulu, HI. September 17, 2011.
17. Invited Faculty. Comprehensive Clinical Management (CCM) Workshop. Course Director: Stewart Factor. Los Angeles, LA. July 30, 2011.
18. Invited Faculty. Neural Interfaces for Therapeutic Interventions. Course Directors: Nader Pouratian and Antonio De Salles. Los Angeles, CA. June 11, 2011.
19. Course Director. Deep Brain Stimulation Management. AAN Educational Program.

Honolulu, HI. April 16, 2011.

20. Invited Faculty. Advanced in Neurology and Neurosurgery 2011. Course Director: Keith Black. Marina del Rey, CA. February 26, 2011.
21. Invited Faculty. Advanced in Neurology and Neurosurgery 2010. Course Director: Keith Black. Bakersfield, CA. November 13, 2010.
22. Invited Faculty. Deep Brain Stimulation: A Practical Course for Healthcare Providers. Course Director: Matthew Brodsky. Portland, OR. May 21, 2010.
23. Invited Faculty. Emerging Therapy and Early Treatment for Multiple Sclerosis and Parkinson's Disease. Course Director: Kapil Sethi. New York, NY. April 17, 2010.
24. Invited Faculty. Deep Brain Stimulation Management. Course Director: William J. Marks. AAN Educational Program. Toronto, Canada. April 16, 2010.
25. Course Director. Comprehensive Clinical Management (CCM) Workshop – Movement Disorders Track. Philadelphia, PA. March 13, 2010.
26. Invited Faculty. Deep Brain Stimulation Management. Course Director: William J. Marks. AAN Educational Program. Seattle, WA. May 2, 2009.
27. Invited Faculty. A Practical Approach to the Management of Movement Disorders - Course Director: Irene Litvan. Louisville, KY. October 3, 2008
28. Invited Faculty. Deep Brain Stimulation Management. Course Director: William J. Marks. AAN Educational Program. Chicago, IL. April 13, 2008.
29. Course Co-Director and Faculty. Cervical Dystonia and Blepharospasm Anatomy Course. New York, NY. April 5, 2008.
30. Invited Faculty. Comprehensive Clinical Management (CCM) Workshop. Course Director: Alberto Albanese. New York, NY. March 29, 2008.
31. Course Director. Annual CME Event - University of Buffalo. Advanced Management of Parkinson's Disease. Buffalo, NY. January 28, 2008.
32. Invited Faculty. Neurosurgery for Primary Care Providers. Course Director: Jamie Ullman. New York, NY. January 21, 2008.
33. Invited Faculty. Comprehensive Clinical Management (CCM) Workshop. Course Director: Alberto Albanese. New York, NY. August 11, 2007.
34. Invited Faculty. The Parkinson's patient in the Community. Course Director: Ivan Bodis-Wollner. Brooklyn, NY May 9, 2007.
35. Invited Faculty. Deep Brain Stimulation Management. Course Director: William J. Marks.

- AAN Educational Program. Boston, MA. May 5, 2007.
36. Invited Faculty. Current Management of Movement Disorders. Course Director: Ramon Gil. Sarasota, FL. January 27, 2007.
 37. Invited Faculty. Neurosurgery for Primary Care Providers. Course Director: Jamie Ullman. New York, NY. January 20, 2007.
 38. Invited Faculty. Deep Brain Stimulation and Programming for Movement Disorders. Course Director: Helen Bronte-Stewart. AAN Educational Program. San Diego, CA. April 3, 2006.
 39. Invited Faculty. Movement Disorders for the Practitioner. Course Director: Miran Salgado. Brooklyn, NY. June 17, 2005.
 40. Invited Faculty. Deep Brain Stimulation and Programming for Movement Disorders. Course Director: Helen Bronte-Stewart. AAN Educational Program. Miami, FL. April 15, 2005.
 41. Course Co-Director and Faculty. Deep Brain Stimulation and Programming for Movement Disorders. MDS Educational Symposium. New Orleans, LA. March 8, 2005.
 42. Invited Faculty. Neurodegeneration XVIII. Course Director: C. Warren Olanow. Keystone, CO. February 28-March 2, 2005.
 43. Invited Faculty. Motor Complications of Levodopa Therapy in Parkinson's disease. Course Director: Ramon Gil. Sarasota, FL. September 18, 2004.
 44. Invited Faculty. Neurostimulation in Neurology and Psychiatry. Course Director: Douglas Labar. New York, NY. May 15, 2004.
 45. Invited Faculty. Deep Brain Stimulation and Programming for Movement Disorders. Course Director: Helen Bronte-Stewart. AAN Educational Program. San Francisco, CA. April 23, 2004.
 46. Invited Faculty. Neurodegeneration XVII. Course Director: C. Warren Olanow. Keystone, CO. February 23-25, 2004.
 47. Invited Faculty. Deep Brain Stimulation and Programming for Movement Disorders. Course Director: Helen Bronte-Stewart. AAN Educational Program. Honolulu, HI. March 31, 2003.
 48. Course Director and Faculty. Deep Brain Stimulation and Programming for Movement Disorders. New York, NY. December 7, 2002.

TRAINING RECORD

Clinical

a) Neurology Preceptor, Albert Einstein College of Medicine

Class of 2001

Benjamin Swartout
Louis Mazzarelli
Chris Gade
Aliza Rabin

Class of 2003

Linda Palaez
Mary Vouyouklis
Camille Stewart

Class of 2002

John Fisher
Niti Dube
Marion Vetter
Inna Tsionskaya

Class of 2004

Sheemon Zackai
Alex Cantafio
Elisabeth Fishbein
Amiptal Kohli

b) Neurology Preceptor, Mount Sinai School of Medicine

Class of 2006

Himanshu Patel
Frank Wang

Paula Anderson

Class of 2007

Risa Small
Hana Takusagawa

Class of 2009

Timothy Greene
Yuriy Israel
Aaron Laine
Alexander Millman
Yukiko Asaki

Class of 2008

John Ravin

Class of 2010

Kirsten Bass
Miriam Torchinsky

c) Neurology Preceptor, UCLA School of Medicine

Class of

d) Visiting Medical Students (2005-present)

- | | |
|---------------------------|---|
| 1. Francesca Lucarella | Universita' di Milano, Italy |
| 2. Alessandra Giavarini | Universita' di Milano, Italy |
| 3. Susanne Luedtke | Humboldt University Berlin |
| 4. Sylvia Mohen | Wake Forest Medical School |
| 5. Caroline Blackman | Memorial University of Newfoundland, Canada |
| 6. Jose Luis López-Sendón | Hospital Universitario Ramon y Cajal, Spain |

- | | |
|------------------------------|--|
| 7. Jan Nicolay | University Hospital Tuebingen, Germany |
| 8. Elisa Stefanini | Universita' di Milano, Italy |
| 9. Laura Dell'Arti | Universita' di Milano, Italy |
| 10. Isabel Tulloch | Royal Free University, England |
| 11. Anthony Nguyen | University of California, Irvine |
| 12. Shash Turok | Albert Einstein University, Bronx, NY |
| 13. Milan Patel | Albert Einstein University, Bronx, NY |
| 14. Gennaro Pagano | Universita' di Napoli, Italy |
| 15. Echo Tan | New York Medical College, Valhalla, NY |
| 16. Miriam Kishinevsky | New York Medical College, Valhalla, NY |
| 17. Elena Rodriguez Gonzalez | Universidad Complutense de Madrid, Spain |
| 18. Annegrit Pinsger | Medizinische Universitat, Wien, Austria |
| 19. Oded Lagstein | Hebrew University, Jerusalem, Israel |
| 20. Smadar Amitay | Hebrew University, Jerusalem, Israel |
| 21. Christian Brust | University of Leipzig, Germany |
| 22. Yael Renert | Hebrew University, Jerusalem, Israel |
| 23. Nicoletta Kinderman | Medizinische Universitat, Wien, Austria |
| 24. Chaitanja Goud | Padmashree atil Medical College, Pune, India |
| 25. Anne-Katrin Proebstel | University of Munich, Germany |
| 26. Sara Kazerounian | Medizinische Universitat, Wien, Austria |
| 27. Margrit Welter | University of Stuttgart, Germany |
| 28. Joanna Gan | Boston University |
| 29. Tejaswi Bommireddy | University of Sheffield, United Kingdom |
| 30. Carlo Alberto Artusi | Universita' di Torino, Italy |
| 31. Valeria Onofrj | Universita' di Milano, Italy |
| 32. Ilaria Bongiovanni | II Universita' di Roma, Tor Vergara, Italy |
| 33. Jessica Hoffman | Creighton University School of Medicine |

e) Visiting Residents and Fellows

- | | |
|-------------------------------|--|
| 1. James Boyd, MD | University of Vermont |
| 2. Ioannis Ugo Isaias, MD | Universita' di Milano, Italy |
| 3. Cristina Ruiz Huete, MD | Hospital Puerta Hierro, Madrid, Spain |
| 4. Beatriz Tijero Merino, MD | Cruces Hospital, Baracaldo, Spain |
| 5. Beatriz DelaCasa Fages, MD | Hospital Universitario Fundación Alcorcón, Madrid, Spain |
| 6. Loredana Raciti, MD | Universita' di Catania, Italy |
| 7. Yvette Yeung, MD | Kaiser Permanente, Los Angeles |
| 8. Patrick Hickey, MD | Duke University |
| 9. Andres De la Cerda, MD | Universitas des Andes, Santiago, Chile |
| 10. Brigida Minafra, MD | Universita' di Pavia |
| 11. Christopher Way, DO | Kaiser Permanente, Los Angeles, CA |
| 12. Agash Shah, MD | UCLA Harbor, Torrance, CA |

e) Movement Disorders Fellows

- | | |
|----------------------|---|
| | <u>Current Position</u> |
| 1. Kyra Blatt, M.D. | Private practice in New York, NY |
| 2. Edward Chai, M.D. | Attending, Roosevelt Hospital, New York, NY |

3. Neng Huang, M.D. Private practice in Los Gatos, CA
4. Amanda Delightish, M.D. Attending Neurologist, Albuquerque, NM
5. Adena Leder, D.O. Private practice in Great Neck, NY
6. Patricia Kavanagh, M.D. Private practice in Brooklyn, NY
7. Michael Pourfar, M.D. Assistant Professor, NYU University, NY.
8. Howard Geyer, M.D. Asst. Professor, Albert Einstein College of Medicine, Bronx, NY
9. Thomas Haelbig, MD Hopital La Salpetriere, Paris, France
10. Catherine Cho, MD Assistant Professor, Mount Sinai Medical School, NY
11. Norika Malhado, MD Assistant Professor, UC Davis, Sacramento, CA
12. Fiona Gupta, MD Attending Neurologist, Hackensack Univ Hosp, NJ
13. Tina Bowman, MD Private Practice in Baltimore, MD
14. Ioannis Isaias, MD Assistant Professor, University of Wurzburg, Germany
15. Hana Brozova, MD Charles University, Prague, Czech Republic
16. Joseph Rudolph, MD Attending Neurologist, Cleveland Clinic, Cleveland, OH
17. Tyler Cheung, MD Private practice in Pasadena, CA
18. Halim Fadil, MD Private Practice, Dallas, TX
19. Echo Tan, MD Attending Neurologist, CSMC, Los Angeles, CA
20. Elliott Hoggs, MD Movement Disorders Fellow, CSMC, Los Angeles, CA

Research Interns

1. James Jen, Undergraduate student, Princeton University (Class 2002). Neuroscience Research elective. Summer 2000.
2. Adam Koss, Undergraduate student, Emory University (Class 2002). Neuroscience Research elective. Summer 2001.
3. Karen Royal, Undergraduate student, Atlantic University (Class 2003). Neuroscience Research elective. Summer 2002.
4. Talia Ben-Jacob, Medical Student, University of Vermont (Class 2005). Neuroscience Research elective. Summer 2004.
5. Megha Singh, Undergraduate student, Hunter College (Class 2008). Collegiate Summer Research fellowship Program. Summer 2005.
6. Nancyanne Schmidt, High School student, Brooklyn Tech (Class 2006). Summer Research Fellowship Program. Summer 2005.
7. Caitlin Martin, Undergraduate student, Barnard College (Class 2009). Neuroscience research elective. Summer 2006.
8. Isabelle Barnaure, Medical Student, University of Berlin La Charite (Class 2008). Neuroscience research elective. 2007-08.
9. Sabrina Ahmmad. High School student, Brooklyn Tech (Class 2010). Summer Research Fellowship Program. Winter 2009.
10. Ashley Knight-Greenfield. Medical Student, Mount Sinai School of Medicine (Class 2013). MSSM Alumni Summer Research Fellowship. Summer 2010.

11. Matilde Hoffman. Undergraduate student, USC (Class 2013). Neuroscience research elective. 2011-12.
12. Alyssa Bautista. Medical Student, University of Manila. Neuroscience research elective. Summer 2013.

MEDIA and MISCELLANEOUS

- 1) HIV-related cerebellar disease may occur without dementia [interview]. Medical Tribune, March 1998: 13.
- 2) Guest interview at “Zoom”, RAI International, July 2001.
- 3) Delaying Levodopa may speed dyskinesias [interview]. CNS News, February 2002: 23.
- 4) Device Therapy for Parkinson's Disease: Personal Stories [online interview]. <http://www.parkinsonscontrol.com/parkinsons/parkinsons-stories.asp>, May 2002.
- 5) Treating Parkinson's Disease: How To Talk To Your Doctor [online interview]. May 2002. <http://www.parkinsonscontrol.com/parkinsons/parkinsons-doctors.asp>
- 6) Deep Brain Stimulation for Dystonia [interview]. CNS Spectrum, June 2003.
- 7) Deep Brain Stimulation Improves Dystonia Dramatically – Over Time [interview] Neurology Today, June 2003.
- 8) Smart Food for the Brain [interview]. Men’s Health Magazine Best Life, Winter 2004.
- 9) Cyborgs of New York [interview]. The Daily News, June 9, 2004.
- 10) Fox News at 10 [interview]. July 2004.
- 11) Punch Drunk Love: A hard hitting tutorial, in 3 rounds, on the importance of protecting your brain [interview]. Men’s Health Magazine, September, 2004.
- 12) Vitamin E may ward-off Parkinson’s disease [interview]. Healthology May, 2005.
- 13) Fetal-cell Transplants Reverse Parkinson’s in Two Patients [interview]. Focus online July 2005. http://focus.hms.harvard.edu/2005/Jun10_2005/neurology.shtml
- 14) DBS Provides a New Lease on Life for Patients With Dystonia [interview]. Applied Neurology, July 2006.
- 15) Parkinson’s Breakthrough Can Give Major Symptom Relief [interview]. CBS News.com August, 2006. <http://www.cbn.com/cbnnews/healthscience/060831a.aspx>,
